Ayurveda Day celebrations

Ayurveda Day celebrations conducted by the Department of Botany at **Y.A. Government Degree College (W), Chirala**, highlighting the integration of traditional plant-based wisdom with modern academic learning.

Report on Ayurveda Day Celebrations

- **Organized By:** Department of Botany
- **Institution:** Y.A. Government Degree College for Women, Chirala
- **Theme (2025):** "Ayurveda for People and Planet"

Aim

The primary aim of celebrating Ayurveda Day is to sensitize students to the **scientific relevance of traditional medicine** and its holistic approach to health. The department specifically seeks to:

- **Bridge Knowledge Gaps:** Connect botanical studies of medicinal plants with their practical applications in Ayurvedic formulations.
- **Promote Preventive Health:** Educate students on "Dinacharya" (daily routine) and "Ritucharya" (seasonal regimen) to maintain physical and mental balance.
- **Enhance Biodiversity Awareness:** Highlight the importance of conserving medicinal flora as a foundation for sustainable healthcare.

Outcomes

The celebration yielded significant academic and personal benefits for the participating students:

- **Practical Floral Identification:** Students learned to identify key medicinal taxa (like *Adhatoda vasica*, *Ashwagandha*, and various herbal species) and understood their therapeutic properties.
- **Increased Health Consciousness:** Participants gained a deeper understanding of "Food as Medicine," focusing on nutritional disorders and immunity-boosting natural diets.
- **Scientific Validation:** The program helped dispel myths by showcasing Ayurveda as an **evidence-based scientific system** integrated with contemporary research.
- **Career Inspiration:** Exposure to Ayurvedic innovations and global health trends inspired students toward potential careers in herbal entrepreneurship and startups.

Conclusion

The Ayurveda Day celebrations at YAGDC Chirala successfully reinforced the symbiotic relationship between **Botany and traditional healing**. By honoring the legacy of Lord Dhanvantari—the divine propagator of Ayurveda—the department motivated students to embrace sustainable, nature-based lifestyles. This initiative serves as a vital step in positioning traditional wisdom as a viable solution for modern global health challenges, ensuring that students graduate as custodians of both **scientific knowledge and cultural heritage**.

STUDENT INDUCTION PROGRAMME

Deeksharambh (Student Induction Programme) conducted for the **B.Sc. Honours (Botany)** batch of 2025-2026 at **Y.A. Government Degree College for Women, Chirala.**

Report on Deeksharambh Program

- **Department:** Department of Botany
- **Program:** B.Sc. Honours (Botany)
- **Chairperson:** Dr. N. Murali, Principal
- **IQAC Coordinator:** Dr. S. Rajasekhar Reddy

Aim

The primary aim of the **Deeksharambh** program is to facilitate a smooth transition for new students from high school to the college environment. It is designed to help them adjust to the academic culture, build rapport with faculty, and understand the institutional ethos before regular classes begin.

Objectives

- **Institutional Familiarisation:** To introduce students to the college's vision, mission, and code of conduct.
- **Academic Orientation:** To provide a clear understanding of the **B.Sc. Honours Botany** curriculum, examination systems, and internal assessment procedures.
- **Mentoring & Bonding:** To establish a mentor-mentee relationship between faculty and students to ensure ongoing support.
- **Skill Awareness:** To inform students about extracurricular opportunities, including certificate courses, field trips, and ICT-based learning.
- **Ethical Foundation:** To instill universal human values and a sense of social responsibility early in their higher education journey.

Outcomes

- **Improved Transition:** Students reported feeling more comfortable and confident in the new college setting.
- **Curriculum Clarity:** Learners successfully identified their academic requirements, including core Botany subjects and restructured course components.
- **Stronger Engagement:** Increased interaction between new students and the Department of Botany faculty was observed, laying the groundwork for effective mentoring.
- **Resource Awareness:** Students gained practical knowledge on how to use college facilities, such as the library, laboratories, and digital learning tools.
- **Holistic Growth:** The program successfully motivated students to look beyond the classroom toward research, career prospects in plant sciences, and environmental conservation.

OPEN DAY FOR A.P.S.W.R.S SCHOOL & JUNIOR COLLEGE PARCHUR STUDENTS

THE Open Day program organized by the Department of Botany at Y.A. Government Degree College for Women, Chirala, specifically designed for visiting students from the A.P.S.W.R.S SCHOOL & JUNIOR COLLEGE PARCHUR (Bi.P.C. stream).

Report on Open Day Program (Department of Botany)

- **Organized By:** Department of Botany, YAGDC Chirala
- **Target Group:** Bi.P.C. Students of A.P.S.W.R.S SCHOOL & JUNIOR COLLEGE PARCHUR

Aim

The primary aim of the Open Day is to bridge the gap between intermediate schooling and higher education. The department seeks to:

- **Showcase Infrastructure:** Demonstrate the advanced laboratory facilities, museum specimens, and botanical garden available at the degree level.
- **Academic Guidance:** Provide clarity on the **B.Sc. Honours (Botany)** curriculum and the transition to the Choice Based Credit System (CBCS).
- **Career Counseling:** Educate Bi.P.C. students about diverse career paths in Plant Sciences, Biotechnology, Horticulture, and Forestry beyond traditional medicine.

Objectives

- **Hands-on Experience:** To allow junior students to handle compound microscopes and observe permanent slides of plant tissues and anatomy.
- **Curiosity Building:** To spark interest in plant research through live demonstrations of physiological experiments (like Osmosis or Photosynthesis).
- **Peer Interaction:** To facilitate a "Student-to-Student" interaction where degree students share their learning experiences and project works.

Outcomes

- **Increased Enrollment Interest:** Visiting students expressed a strong interest in pursuing their higher education at YAGDC after seeing the practical-oriented learning environment.
- **Concept Reinforcement:** Junior students reported that seeing the **Botanical Museum** (with its diverse range of Cryptogams and Phanerogams) helped them better understand their Intermediate Botany syllabus.
- **Informed Career Choices:** Many students gained awareness about the **Skill Development Courses** and job-oriented certificates offered by the Botany department.
- **Confidence Building:** The interactive sessions reduced the "college-fear" among junior students, making them feel more prepared for the transition to a degree college.

Conclusion

The Open Day successfully transformed the Department of Botany into a hub of experiential learning for the Government Junior College students. Under the guidance of Principal Dr. N. Murali and the IQAC team, the event strengthened the institutional link between secondary and higher education. It proved that a hands-on look at the "Green World" of Botany can inspire the next generation of scientists and researchers in Chirala.

EK DIWAS DAY

Department of Botany at Y.A. Government Degree College for Women (YAGDC), Chirala, "Ekdiwas" refers to **National Unity Day (Rashtriya Ekta Diwas)**, celebrated on 31st October to commemorate the birth anniversary of Sardar Vallabhbhai Patel.

Report on Rashtriya Ekta Diwas (National Unity Day) Celebrations

- **Institution:** Y.A. Government Degree College for Women, Chirala
- **Date:** 31st October 2025

Aim

The primary aim of celebrating **Ekta Diwas** is to foster a sense of national integration and communal harmony among the students. The Department of Botany specifically aims to:

- **Promote Unity:** Pay tribute to Sardar Vallabhbhai Patel's efforts in unifying India after independence.
- **Inculcate Ethics:** Use the occasion to promote universal values, ethics, and a sense of shared responsibility for the nation's future. [[1](#), [2](#)]

Outcomes

The celebration resulted in several positive academic and social outcomes for the Botany students:

- **Pledge for Unity:** All participating students and faculty took the **National Unity Pledge**, reinforcing their commitment to the internal security and integrity of the country.
- **Leadership Development:** Organising events like the "Run for Unity" helped students develop leadership, team spirit, and organizational skills.
- **Cultural Awareness:** The program provided a platform for students from diverse backgrounds to interact, fostering a sense of inclusivity and mutual respect within the college community.
- **Holistic Growth:** By participating in commemorative events, students developed soft skills such as public speaking and critical thinking that supplement their botanical studies.

Conclusion

The **Ekdiwas** celebrations at YAGDC Chirala successfully instilled a profound sense of patriotism and national duty in the students. Under the leadership of Principal Dr. N. Murali and the IQAC team, the Department of Botany demonstrated that academic excellence is most effective when paired with **strong civic values**. This initiative ensures that students graduate not only as skilled botanists but also as responsible citizens dedicated to the unity and prosperity of India.

GUEST LECTURE

Y. A. GOVERNMENT COLLEGE FOR WOMEN
CHIRALA, BAPATLA (DT.), ANDHRA PRADESH
ACCREDITED BY NAAC WITH 'B++' GRADE
AFFILIATED TO ANDHRA KESARI UNIVERSITY, ONGOLE

DEPARTMENT OF BOTANY
GUEST LECTURE
ON
"Oxidative and Photo phosphorylation"
Date : 10-12-2025

By
Dr. N.Chandra Babu
Lecturer in Botany,
GDC, Tiruvuru,
Krishna District.

The Department of Botany Y.A. Government Degree College for Women (YAGDCW), Chirala, organised an insightful guest lecture on 10th December 2025 featuring Dr. N. Chandra Babu, Lecturer in Botany from Government Degree College (GDC), Tiruvuru.

Topic: Oxidative and Photophosphorylation

The lecture focused on the critical bioenergetic processes within plant cells, specifically how energy is produced and utilised during plant physiology.

1. Aim of the Lecture

The primary aim was to provide undergraduate students with a deeper, expert-level understanding of complex metabolic pathways in plants that are often difficult to grasp through standard classroom sessions. It sought to:

- **Clarify the intricate mechanisms of ATP synthesis in both mitochondria (Oxidative Phosphorylation) and chloroplasts (Photophosphorylation).**
- **Bridge the gap between theoretical biological concepts and their functional roles in cell biology and plant physiology.**

2. Course Outcomes

By the end of the session, students achieved the following learning outcomes:

- **Mechanistic Understanding:** Students can now explain the electron transport chain (ETC) and the chemiosmotic theory governing energy production in cells.
- **Comparative Analysis:** Ability to distinguish between light-dependent energy production in photosynthesis and the oxygen-dependent energy release in respiration.
- **Scientific Literacy:** Enhanced ability to relate molecular biology concepts to broader ecological and agricultural sustainability, such as how these processes affect plant growth and biodiversity.
- **Analytical Skills:** Improved capacity to interpret biochemical diagrams and energy cycles essential for competitive exams and higher research.

3. Event Summary

- **Resource Person:** Dr. N. Chandra Babu, an experienced academic known for his research in ethnic herbals and cell biology.
- **Participants:** Students from the Departments of Botany and Microbiology participated with high enthusiasm.
- **Impact:** The lecture concluded with an interactive Q&A session where students clarified doubts regarding cellular respiration and photosynthetic efficiency

FILED TRIP

Study of Flora and Fauna at Kondaveedu Fort

1. Aim

The primary aim of the field trip was to provide students with a hands-on learning experience in a hilly ecosystem, moving beyond classroom lectures to study the biological diversity of [Kondaveedu Fort](#).

2. Objectives

- **Identification:** To identify and document various species of [flora and fauna](#) native to the Kondaveedu reserve forest.
- **Habitat Study:** To observe plant niche habitats and the specific climatic conditions required for survival in rocky, high-altitude terrains.
- **Conservation Awareness:** To understand the importance of [biodiversity conservation](#) and the ecological significance of the local ecosystem.
- **Medicinal Plant Survey:** To study the ethnomedicinal importance of the 56+ varieties of herbal plants found in the region.

3. Activity

- **Field Observations:** On 21.02.2025, the Department of Botany conducted a systematic survey of the fort's surrounding lush greenery and dense forest.
- **Specimen Documentation:** Students observed diverse plant groups including angiosperms, gymnosperms, and cryptogams such as pteridophytes, lichens, and mosses.
- **Exploration of Key Sites:** The team visited historical and ecological landmarks including the [Mutyalamma, Puttalamma, and Vedula water tanks](#), which represent ancient [water harvesting systems](#) that still support local life.
- **Medicinal Herb Identification:** Students noted rare species like *Pashana bheda* (*Coleus barbatus*), *Uttareni* (*Achyranthes aspera*), and *Visha mushti* (*Strychnos nux-vomica*).

4. Outcomes

- **Enhanced Knowledge:** Students gained practical insights into over 550 recorded plant species in the Palnadu district area, understanding their floristic diversity.
- **Ecological Understanding:** Students successfully connected theoretical concepts of adaptation and niche habitats with real-world observations on the 1,700-foot high ridges.
- **Environmental Responsibility:** The trip fostered a renewed sense of responsibility toward protecting delicate forest ecosystems from the threats of urbanization.

5. Conclusion

The field trip to [Kondaveedu Fort](#) was a comprehensive success, fulfilling its educational mandate by exposing students to a vibrant, living laboratory. The rich mix of [historical architecture](#) and high [ethnomedicinal diversity](#) provided an unparalleled opportunity for students to appreciate the interdependence of nature and culture

Entrepreneurship Training Programme

The Department of Botany is pleased to announce that II B.Sc. students P. Harika is selected at the college level from among all groups for the Entrepreneurship Training Programme. The selected student participated in and completed the state-level boot camp training held at CCE, Mangala Giri, from February 23, 2026, to February 27, 2026.

This initiative is a collaborative effort between the **Commissionerate of Collegiate Education (CCE)** and the **Ratan Tata Innovation Hub** to foster a culture of innovation among students in Government Degree Colleges (GDCs) across Andhra Pradesh.

Program Highlights

- **Selective Process:** P. Harika is among 60 students shortlisted from across the state following a rigorous, assignment-based evaluation process.
- **Training Focus:** The **5-day intensive bootcamp** (held February 23–27, 2026) aims to transform botanical and scientific knowledge into practical business capabilities, focusing on **problem-solving, customer discovery, and solution development**.
- **Expert Exposure:** Participants receive direct mentorship from startup ecosystem experts and interact with high-level officials, including **Dr. Narayana Bharath Gupta, IAS** (Commissioner of Collegiate Education) and **Sri Kona Sasidhar, IAS** (Secretary to Government, Higher Education).
- **Botanical Entrepreneurship:** Within the Botany department, such programs often encourage students to explore viable startups in fields like **herbal cosmetics, plant-based product formulation, or sustainable agriculture**.

This selection marks a significant milestone in her entrepreneurial journey, transitioning from classroom learning to becoming a potential job creator.

AWARENESS PROGRAMME ON CONSERVE OIL AND GAS

1. Aim of the Programme

The primary aim is to sensitize the student community and the local public about the finite nature of petroleum resources and the environmental impact of fossil fuel consumption. It aligns with national initiatives like **Saksham (Sanrakshan Kshamta Mahotsav)**, which seeks to transform energy conservation into a mass movement.

2. Objectives

- **Promote Judicious Use:** To educate students on simple, practical methods to reduce fuel consumption in daily life, such as carpooling and proper vehicle maintenance.
- **Highlight Reserves:** To provide scientific data on global and national oil reserves, emphasizing the urgency of shifting toward renewable energy sources.
- **Environmental Protection:** To raise awareness about how conserving oil directly reduces carbon emissions, sulfur dioxide, and other harmful pollutants that contribute to climate change.
- **Economic Awareness:** To explain how reducing oil imports helps conserve India's foreign exchange reserves and strengthens the national economy.
- **3. Key Activities**
- **Technical Seminars:** Experts and faculty members discussed the 7 key drivers of clean energy, including gas-based economies and biofuels.
- **Conservation Pledge:** Students and staff took a formal pledge to use petroleum products responsibly and avoid wasteful consumption.
- **Competitions:** Events such as essay writing, painting, and quizzes were conducted to engage students in creative problem-solving regarding fuel efficiency. [[1](#), [2](#), [3](#), [4](#), [5](#), [6](#)]

4. Outcomes

- **Behavioural Change:** Participants reported a better understanding of fuel-saving tips (e.g., using "5-star" appliances and LED lights) that they could implement at home.
- **Community Outreach:** Students acted as "Energy Ambassadors," spreading conservation messages to their families and nearby neighborhoods.
- **Resource Literacy:** An increased awareness of the strategic importance of oil reserves and the advantages of switching to cleaner fuels like Hydrogen or electric vehicles.
- **Skill Development:** Students improved their analytical and public speaking skills by participating in technical presentations and community surveys

WORLD FOREST DAY

World Forestry Day (also known as International Day of Forests) was celebrated with great enthusiasm by the **Department of Botany** at **Y.A. Government Degree College for Women (YAGDCW), Chirala**, on **21st March**.

The event highlighted the vital role forests play in sustaining life on Earth and the urgent need to protect our "Green Gold."

1. Aim of the Celebration

The primary aim was to raise awareness among students about the significance of all types of forests and trees outside forests for the benefit of current and future generations. It sought to transform students into **environmental stewards** who actively participate in conservation efforts.

2. Objectives

- **Biodiversity Awareness:** To educate students on the diverse flora and fauna hosted by forest ecosystems, specifically within the local Andhra Pradesh landscape.
- **Climate Action:** To explain the role of forests as carbon sinks in mitigating the effects of global warming and climate change.
- **Promote Afforestation:** To encourage the "each one, plant one" philosophy by organizing plantation drives on the college campus.
- **Sustainable Livelihoods:** To highlight how forests provide essential resources like medicine, timber, and food, supporting millions of livelihoods.

3. Key Activities

- **Vanam-Manam (Plantation Drive):** Faculty and students planted saplings of medicinal and shade-giving trees in the college botanical garden.
- **Technical Seminar:** The Botany department conducted a seminar on the theme of the year (e.g., "*Forests and Innovation*"), focusing on new technology used to monitor deforestation.

- **Field Visit/Nature Walk:** Students explored the local campus vegetation to identify various plant species and understand their ecological roles.
- **Student Competitions:** Poster presentations, elocution, and essay writing competitions were held on topics like "Vanajeevi" (Forest Life) and "Deforestation Hazards."

4. Outcomes

- **Ecological Responsibility:** Students developed a sense of ownership toward the environment, promising to nurture the saplings planted during the event.
- **Scientific Knowledge:** Participants gained practical knowledge about forest conservation techniques and the identification of indigenous tree species.
- **Community Impact:** The message of forest conservation reached the wider student body, promoting a plastic-free and greener campus environment.
- **Leadership Skills:** Student coordinators improved their organizational and public speaking skills through the management of the day's events.

WORLD WATER DAY

The Department of Botany at Y.A. Government Degree College for Women (YAGDCW), Chirala, celebrated **World Water Day** on **March 22nd** to highlight the vital importance of freshwater and advocate for the sustainable management of water resources.

1. Aim of the Celebration

The primary aim was to inspire students to take action against the global water crisis and to support the achievement of **Sustainable Development Goal (SDG) 6: Water and Sanitation** for all by 2030. It sought to instill a "Save Water, Save Life" mindset within the campus and local community.

2. Objectives

- **Awareness of Scarcity:** To educate students about the dwindling groundwater levels in coastal regions like Chirala and the impact of salinity.
- **Water Conservation Techniques:** To demonstrate practical methods of water harvesting, recycling, and efficient usage in domestic and agricultural settings.
- **Pollution Prevention:** To raise awareness about the harmful effects of industrial and plastic waste on local water bodies and aquatic ecosystems.
- **Botany Connection:** To explain the role of plants in the hydrological cycle and how vegetation helps in soil moisture retention and groundwater recharge.

3. Key Activities

- **Awareness Rally:** Students and faculty organized a walkathon around the college premises, carrying placards with slogans like "*Clean Water, Healthy Life*" and "*Conserve Water, Secure the Future.*"
- **Guest Lecture:** The Department of Botany conducted a seminar on "**Groundwater: Making the Invisible Visible,**" focusing on the hidden water resources that support our ecosystems.
- **Demonstration:** A small-scale demonstration of **Rainwater Harvesting** models was presented to show how the college can collect and store monsoon rain.
- **Competitions:** Poster-making and elocution competitions were held on the theme of "**Valuing Water**" to encourage creative thinking among students.

4. Outcomes

- **Responsible Usage:** Students pledged to reduce water wastage in their daily routines, such as fixing leaks and using buckets instead of hoses.
- **Technical Knowledge:** Participants gained a scientific understanding of the water table and the biological importance of transpiration in plants.
- **Community Impact:** The message reached the local community through the student-led rally, promoting better water management practices at the household level.
- **Policy Interest:** Several students expressed interest in projects related to water testing and purification, bridging Botany with environmental chemistry.

The **Swarna Andhra – Swachh Andhra (SASA)** program is a flagship initiative by the Government of Andhra Pradesh conducted on the **third Saturday of every month** across educational institutions like **YAGDC Chirala**. The oath-taking (pledge) is the foundational activity of every SASA event, serving to commit participants to the goal of a cleaner and greener state

SASA Program Report: Oath-Taking Ceremony

- **Aim of the Oath:** To foster a sense of individual and collective responsibility among students and staff toward environmental hygiene and sustainability.
- **Objectives:**
 - **Public Commitment:** To formally engage students and faculty in the mission of "Swarna Andhra - Swachh Andhra".
 - **Awareness Building:** To highlight monthly themes such as "Zero Litter Governance," "Opportunities in Environment," or "Neeru-Meeru" (Water Conservation).
 - **Behavioral Change:** To encourage the reduction of single-use plastics and the adoption of proper waste segregation at the source.
- **Oath Content (Summary):**
Participants pledge to dedicate time daily to cleanliness, participate in *shramadanam* (voluntary labor), educate others on plastic elimination, and strive to make Andhra Pradesh a litter-free state.
- **Expected Outcomes:**
 - **Cleaner Campus:** Immediate improvement in the cleanliness of classrooms, laboratories, and college grounds.

- **Sustainability Literacy:** Increased student understanding of vermicomposting, waste-to-wealth concepts, and water conservation.
- **Community Extension:** Students acting as "Cleanliness Ambassadors" who spread the message of hygiene to their families and local neighborhoods.

Typical SASA Event Schedule at Colleges

1. **Swachhata Pledge:** The ceremony typically begins with the **SASA Pledge** led by a student coordinator or the Principal.
2. **Awareness Session:** A brief lecture by faculty on the specific theme for that month.
3. **Field Activity:** Practical cleaning drive (*shramadanam*) and plantation activities across the campus.
4. **Reporting:** Documentation of the event, including photos and participant counts, submitted via the **SASA App**

The **Department of Botany Y.A. Government Degree College for Women (YAGDCW), Chirala**, conducted a strategic **Admission Campaign** at **BBH Junior College** and **KGBV, Chinaganjam**. This outreach program aims to guide young women toward quality higher education and specialized science streams.

Admission Campaign Report

Target Institutions:

1. **BBH Junior College**, Chinaganjam
2. **Kasturba Gandhi Balika Vidyalaya (KGBV)**, Chinaganjam

1. Aim of the Campaign

The primary aim was to increase the enrollment of girl students in undergraduate courses (B.Sc. MPC, B.Sc. BZC/Microbiology) at YAGDCW Chirala by showcasing the academic excellence and infrastructure available at the government college.

2. Objectives

- **Career Guidance:** To provide intermediate students with clear pathways for higher education in Physics, Botany, and Microbiology.
- **Awareness of Facilities:** To highlight college strengths such as **Well-Equipped Laboratories, Digital Classrooms, Free Hostel Facility, and JKC (Jawahar Knowledge Centre)** for placements.
- **Financial Literacy:** To educate students and parents about Government Schemes like **Jagananna Vidya Deevena** and **Vasathi Deevena** which make education free for eligible students.
- **Women Empowerment:** To inspire girls from rural backgrounds to pursue science degrees to become financially independent. [[1](#), [2](#)]

3. Key Activities Conducted

- **Interactive Presentations:** Faculty members from the Physics and Botany departments explained the curriculum and the future scope of science degrees (e.g., Research, Teaching, and Industry jobs).
- **Pamphlet Distribution:** Distributed brochures detailing course combinations, extracurricular activities (NSS/NCC), and the college's track record in university ranks.
- **Student Testimonials:** Sharing success stories of YAGDCW alumni who are now placed in reputed sectors.
- **One-on-One Counseling:** Addressing the specific doubts of students regarding the **OAMDC (Online Admissions)** process and subject choices.

4. Outcomes

- **Increased Interest:** A significant number of students at BBH and KGBV expressed interest in joining YAGDCW Chirala for the upcoming academic year.
- **Database Creation:** Collected contact details of prospective students for follow-up guidance and support during the online admission phases.
- **Community Trust:** Strengthened the relationship between the Degree College and local Junior Colleges/KGBVs.
- **Direct Impact:** Improved the "Gross Enrolment Ratio" (GER) for women in the Chinaganjam and Chirala regions.

DEPARTMENT OF CHEMISTRY

Extra Curricular Activities for the Academic Year

2025-2026

YA Government Degree College for Women, Chirala.

Department of Chemistry

Name of the Activity: "Ending Plastic Pollution"

Date: 19-07-2025

Venue: College Campus

Objective:

The main objective of this programme was to reduce plastic pollution and its harmful effects on marine life and ecosystems. It aimed to create awareness among the public about the environmental impact of plastic waste and to encourage responsible behavior in its usage and disposal. The programme also focused on removing hazardous plastic debris to protect human health and the environment both on land and in water.

Description:

The programme was jointly conducted by NSS, NCC, Eco Club, and WEC units of the college. As part of this initiative, volunteers actively participated in a plastic awareness rally, spreading messages about the dangers of plastic pollution and its impact on marine life and ecosystems.

Students carried placards and raised slogans to educate the public about reducing plastic usage and adopting eco-friendly alternatives. In addition to the awareness rally, volunteers organized a cleanliness drive in and around the college campus. They collected plastic waste and ensured proper disposal by handing it over to municipal workers.

Outcome:

The programme successfully created awareness among the public about the harmful effects of plastic pollution and the importance of avoiding plastic waste disposal in open areas. Participants gained a better understanding of environmental protection and developed a sense of responsibility towards maintaining a clean and sustainable environment.

Department of Chemistry

Name of the Activity: "Monsoon Hygiene Programme"

Date: 23-08-2025

Venue: College Campus

Objective:

The main objective of the programme was to promote cleanliness and hygiene during the monsoon season. It aimed to improve the hygiene levels on campus, prevent the spread of seasonal diseases, and encourage students to take responsibility for maintaining a clean and healthy environment.

Description:

The Monsoon Hygiene Programme was organized in the college campus with active participation from NSS volunteers. The programme began with a brief awareness session on the importance of cleanliness, especially during the rainy season when the risk of infections and diseases increases.

Students actively participated in cleaning activities across the campus, including classrooms, corridors, and surrounding areas. Waste materials and stagnant water were removed to prevent mosquito breeding. Volunteers also spread awareness among fellow students about proper waste disposal, personal hygiene, and the importance of keeping their surroundings clean.

Outcome:

A total of 80 students participated in the programme. The activity successfully created awareness about the importance of hygiene and cleanliness, particularly during the monsoon season. Students developed a sense of responsibility towards maintaining a clean campus and preventing health hazards.

Department of Chemistry

Name of the Activity: "Green AP Rally"

Date: 20-09-2025

Venue: Municipal Office

Objective:

The plantation programme aimed to promote environmental conservation and sustainability through the strategic planting of trees. It also focused on educating and motivating students to maintain ecological balance and ensure a healthier atmosphere.

Description:

A tree plantation programme was successfully organized at the Municipal Office to raise awareness about climate change and its adverse effects on living beings. The programme began with a brief introduction by NSS coordinators, highlighting the importance of environmental protection and the role of youth in building a sustainable future.

The volunteers actively participated in the Green AP Rally by carrying placards and raising slogans promoting eco-friendly practices such as "Save Trees, Save Earth" and "Go Green for a Better Tomorrow." The rally attracted the attention of the public and helped spread awareness about the importance of afforestation.

Outcome:

The programme was highly successful, with a total of 70 students actively participating. The activity helped students understand the importance of environmental protection, tree plantation, and sustainable living. It also encouraged teamwork, social responsibility, and community involvement among the participants.

Name of the Activity: "WORLD AIDS DAY"

Date: 01-12-2025

Venue: Virtual class Room

Objective:

Overcoming disruption, transforming the Aids response to urge the global communicates to rebuild and strengthen HIV services ensure equitable access to innovation, eliminate stigma and empower communities to achieve the 2030 goal of ending AIDS as a public health threat.

Description:

The Department of Chemistry in collaboration with NSS unit of our college conducted world AIDS day in virtual class room. In this programme Dr Raja Solomon at soloman hospitals attended as the chief guest and give valuable counseling regarding HIV.

Outcome:

In this programme nearly 100 students participated along with principal, Dr.N.Murali sir and teaching staff.

Name of the Activity: NASHA MUKT BHARAT Rally

Date: 26/06/2025

Objective:

To build a drug- free and healthier society in india by focusing on awareness, rehabilitation, community participation ,and youth engagement. Aims to eliminate the growing threat of substance abuse across the country.

Description:

The dept of Chemistry in Collaboration with NSS unit of our college, Organized a Rally in Chirala town to create awareness in the public about the importance of the growing threat of substance abuse across the country. In this connection a rally was organized with students of our college. A rally organized in chirala and NASHA MUKT BHARAT Pledge taken at Dr.Baba Saheb Ambedkar statue near Railway station. Principal ,Staff, all the Students and NCC Cadets participated in this Rally.

Outcome:

Students created awareness among the public about the importance of Drug free society with slogans.

Name of the Activity: EKTA DIWAS Rally

Date: 31/10/2025

Objective:

To create awareness in public about the importance of maintaining the Sovereignty, Peace and Integrity of the Nation, encouraging citizens to pledge their commitment to unity in Diversity

Description:

The dept of Chemistry in Collaboration with NSS unit of our college, Organized a Rally in Chirala town on 31/10/2025 to create awareness in the public about the importance of Unity of the Nation. In this connection a rally was organized with students of our college. A rally organized in chirala and National Unity Day Pledge taken at Dr.Baba Saheb Ambedkar statue near Railway station. Staff and all the Students participated in this rally.

Outcome:

Students created awareness among the public about the importance of Unity of the Nation.

Department of Chemistry

Name of the Activity: Guest Lecture on Recent Advances in Chemistry.

Date: 24-03-2025

Venue: Class Room

Resource Person: Dr. C. Nageswara Reddy,

Lecturer in Chemistry,

Government degree College for Men, Kadapa.

Objective:

To provide insights into the latest developments in the field of chemistry, to bridge the gap between theoretical knowledge and current research trends. To motivate students towards research and innovation and to enhance awareness of interdisciplinary applications of chemistry.

Description:

The Department of Chemistry organized a guest lecture on "Recent Advances in Chemistry" on 24.03.2025. The session was delivered by Dr. C. Nageswara Reddy, Lecturer in Chemistry. The lecture covered emerging areas such as Nanotechnology, advanced materials, green chemistry, sustainable processes, applications of artificial intelligence in chemistry, drug design and pharmaceutical innovations.

The speaker explained complex concepts with real-world examples, making the session highly interactive and engaging. Students actively participated by asking questions and discussing recent trends and career opportunities in chemistry.

Outcome:

Students gained knowledge about modern developments in chemistry, real-world applications of chemistry, career opportunities in emerging fields. Improved critical thinking and scientific curiosity among students.

No of Students participated: 25

Department of Chemistry

Name of the Activity: Student Quiz

Date: 20-11-2025

Venue: Class Room

Objective:

The main objective of conducting a quiz to students is to give break from traditional class room learning. It expands students learning, knowledge and helps in exploring new skills. It also helps the students to get an opportunity to improve their team work skills.

Description:

The Department of chemistry conducted a Quiz to the I- B.Sc students on the topic "Radioactivity". First the students are divided in to three groups named as Electron, Proton and Neutron . The students participated actively in answering the questions. The students of Neutron group got highest marks. They are appreciated by giving the pens.

Outcome:

Quiz programme helps the students to practice existing knowledge by stimulating interest in learning about new subject matter. By answering the questions, the students will feel confident in presentation.

No of Students participated: 12

Department of Chemistry

Name of the Activity: Student Seminars.

Date: 05-01-2026

Venue: Class Room

Objective:

By participating in a seminar, the students improve their communication skills, it helps in gaining expert knowledge of subject. Students are able to know, how to say and speak in an appropriate manner. Through appropriate questions, students will demonstrate the understanding of discussions. Seminar helps in gaining better insight into the subject.

Description:

The students of I-B.Sc have given their presentations on the topics Nuclear Reactions, Molecular orbital Theory, Hybridisation etc.

Outcome:

Students by participating in seminar, developed their speech and came to know the presentation of information in well-structured manner. Seminar developed the ability of students to evaluate and reflect the information.

No of Students participated: 15

Activities: GENDER DISCRIMINATION

Date: 04.09.2025

Venue: Virtual Room

Aims:-

1. To create awareness among students about gender discrimination and its impact on society.
2. To promote gender equality and mutual respect.
3. To encourage students to challenge stereotypes and discriminatory practices.
4. To empower young women to stand against injustice.

Objectives:-

1. To educate students about various forms of gender discrimination.
2. To highlight legal rights and protections against discrimination.
3. To promote equal opportunities in all fields.
4. To inspire students to contribute to an inclusive and fair society.

Outcomes:-

1. Students gained a clear understanding of gender discrimination.
2. Increased awareness about gender equality and rights.
3. Students were motivated to oppose discrimination in daily life.
4. Improved confidence among students to express their opinions.
5. Developed a positive attitude towards equality and respect.

Report:-

The Women Empowerment Cell of YA Government Degree College for Women, Chirala organized an offline awareness program on Gender Discrimination on 4 September 2025 in the Virtual Room. The program aimed to sensitize students about gender inequality and promote equality in society. Dr. Vijaya Kumari was invited as the guest speaker for the session. She delivered an insightful lecture on the different forms of gender discrimination faced in society and emphasized the importance of education in overcoming these challenges. She also highlighted the legal rights available to women and encouraged students to be confident and independent. The session was interactive, with students actively participating and sharing their thoughts. The speaker addressed their queries and motivated them to stand against injustice and promote equality. The program concluded successfully with a vote of thanks. The Women Empowerment Cell expressed gratitude to Dr. Vijaya Kumari, the faculty members, and the students for their active participation and support.

Y.A.GOV.T.DEGREE COLLEGE FOR WOMEN,CHIRALA.
DEPARTMENT OF COMMERCE
ACADEMIC YEAR-2025-2026
EXTENSION ACTIVITIES

Activities: **Free Blood Grouping Camp**
Date: 24.09.2025
Venue: Virtual Room

Aims:-

1. To create awareness among students regarding the importance of knowing their blood group.
2. To encourage health consciousness and self-care practices.
3. To motivate students to participate in community health initiatives and voluntary blood donation.
4. To support emergency readiness by ensuring students know their blood group type.

Objectives:-

- To conduct free blood grouping tests for all interested students and staff.
2. To maintain a health record of students for future institutional reference.
 3. To educate students about different blood groups and the significance of blood donation.
 4. To promote the role of women in community service and health awareness activities.

Outcomes:-

1. Students and staff successfully identified their blood groups.
2. Improved awareness about the importance of knowing blood group for emergencies.
3. Increased interest among students in participating in future blood donation camps.
4. Students gained clarity about blood group types and compatibility.
5. Enhanced confidence and awareness about basic health checks.

Report:-

The Women Empowerment Cell of YA Government Degree College for Women, Chirala organized a **FreeBlood Grouping Camp** on **24 September 2025** at the **Vartul Room**. The event aimed at promoting health awareness among students and encouraging them to understand the importance of knowing their blood group. A dedicated medical team conducted the blood grouping tests for the students and staff. The camp received an enthusiastic response, with a large number of participants actively taking part in the testing process. Students were also given brief information about the significance of different blood groups, compatibility, and the importance of voluntary blood donation. The initiative proved highly beneficial as many students came to know their blood group for the first time. The event successfully raised awareness regarding basic health care and emergency preparedness. The Women Empowerment Cell expressed gratitude to the college administration, faculty, and medical team for their support. The program concluded on a positive note, reinforcing the importance of women's participation in promoting health and social welfare activities.

EXTENSION ACTIVITIES

Activities: Awareness Programme on Blood Donation
Date: 08.10.2025
Venue: Virtual Room
Resource Person: Dr. R. Shivaji, Superintendent, Government General Hospital Chirala.

Aims:-

1. To create awareness about the significance of voluntary blood donation.
2. To educate students about the health benefits, safety, and scientific process of blood donation.
3. To foster humanitarian values and social responsibility among youth.
4. To encourage student participation in future blood donation drives.

Objectives:-

1. To provide detailed information about blood components, blood groups, and donor eligibility.
2. To clear misconceptions, fears, and myths related to blood donation.
3. To explain the safety measures followed during blood donation and reassure participants.
4. To inspire students to become regular voluntary blood donors.
5. To highlight the role of blood donation in saving lives during emergencies and surgeries.

Outcomes:-

1. Students gained clear awareness about the importance and process of blood donation.
2. Myths and fears related to blood donation were effectively addressed.
3. Increased motivation among students to participate in upcoming blood donation camps.
4. Improved understanding of donor eligibility, safety procedures, and blood compatibility.
5. Enhanced social responsibility and willingness to contribute to community welfare.

Report:-

The Youth Red Cross unit of YA Government Degree College for Women, Chirala organized an Awareness Programme on Blood Donation on 08 October 2025 at the Vartul Room. The session was conducted by Dr. R. Shivaji, Superintendent of Government General Hospital, who delivered an insightful and informative talk on the importance of blood donation. Dr. Shivaji explained the critical role of blood donation in saving lives, especially in emergencies and surgical procedures. He discussed the eligibility criteria for donors, the types of blood components, and the safe medical procedures followed during donation. Special focus was placed on removing common fears and misconceptions that often discourage individuals from donating blood. Students actively participated in the session by asking questions and showing genuine interest in understanding the donation process. The programme highlighted the significance of voluntary blood donation and motivated the students to become future donors. The event proved to be highly beneficial and informative. Students gained confidence and awareness about blood donation, leading to a positive shift in attitude toward community health services. The Youth Red Cross unit expressed gratitude to Dr. Shivaji and the college administration for their support in making the programme successful. The programme concluded with a renewed sense of responsibility among the participants toward contributing to society through voluntary blood donation.

Activity: Breast Cancer Awareness Program

Date: 13.10.2025

Venue: Virtual Room

Aims:-

1. To create awareness about breast cancer among students.
2. To educate women on early detection and prevention methods.
3. To promote regular health check-ups and self-examination.
4. To reduce fear and misconceptions about breast cancer.

Objectives:-

1. To provide information on symptoms and risk factors of breast cancer.
2. To demonstrate the importance of early detection techniques like self-examination.
3. To encourage timely medical consultation and screening.
4. To promote a healthy lifestyle to reduce cancer risks.

Outcomes:-

1. Students gained awareness about breast cancer and its prevention.
2. Improved knowledge of early symptoms and warning signs.
3. Students learned the importance of self-breast examination.
4. Reduced myths and fear regarding cancer.
5. Encouraged proactive health-seeking behavior among students.

Report:-

The Women Empowerment Cell of YA Government Degree College for Women, Chirala organized a Breast Cancer Awareness Program on 13 October 2025 in the Seminar Hall. The program aimed to educate students about breast cancer, its early detection, and preventive measures. The session included an informative talk by a medical expert who explained the causes, symptoms, and risk factors associated with breast cancer. Special emphasis was given to the importance of early detection through regular screenings and self-breast examination. Students actively participated in the session and showed keen interest in learning about preventive healthcare. The speaker also addressed common myths and encouraged students to adopt a healthy lifestyle. The program concluded with a vote of thanks. The Women Empowerment Cell expressed gratitude to the resource person, faculty members, and students for their active participation and support.

Activity: SWACHH ANDHRA – SWARNA ANDHRA PROGRAM

Date: 17.10.2025

Venue: College Campus

Aims:-

1. To promote cleanliness and hygiene among students.
2. To support the vision of a clean and green Andhra Pradesh.
3. To create awareness about environmental protection.
4. To encourage community participation in sanitation activities.

Objectives:-

1. To educate students on the importance of cleanliness in daily life.
2. To involve students in campus and surroundings cleaning activities.
3. To promote waste management and eco-friendly practices.
4. To develop a sense of social responsibility among students.

Outcomes:-

1. Improved awareness about cleanliness and hygiene.
2. Active participation of students in maintaining a clean environment.
3. Development of responsible behavior towards surroundings.
4. Enhanced teamwork and community involvement.
5. Positive impact on campus cleanliness.

Report:-

The Women Empowerment Cell of YA Government Degree College for Women, Chirala organized the Swachh Andhra – Swarna Andhra Program in the college campus. The program aimed to promote cleanliness, hygiene, and environmental awareness among students. As part of the program, students actively participated in cleaning the campus and its surroundings. They were encouraged to adopt eco-friendly practices and maintain cleanliness in their daily lives. Awareness was also created about proper waste disposal and the importance of a pollution-free environment. The initiative received enthusiastic participation from students and faculty members. It helped instill a sense of responsibility and teamwork among the participants. The program concluded successfully with a commitment from students to continue maintaining cleanliness and contributing towards a healthier and greener society. The Women Empowerment Cell expressed gratitude to all participants for their support and cooperation.

Activity: World AIDS Day Rally & Awareness Program

Date: 01.12.2025

Venue: College Campus and Nearby Areas

Aims:-

1. To create awareness about HIV/AIDS among the public and students.
2. To promote preventive measures and healthy lifestyles.
3. To reduce stigma and discrimination associated with HIV/AIDS.
4. To encourage social responsibility and community participation.

Objectives:-

1. To educate people about the causes, transmission, and prevention of HIV/AIDS.
2. To spread awareness through rally slogans and placards.
3. To encourage early testing and treatment.
4. To promote a supportive attitude towards affected individuals.

Outcomes:-

1. Increased awareness about HIV/AIDS among students and the public.
2. Active participation of students in the rally.
3. Reduced misconceptions and stigma related to HIV/AIDS.
4. Enhanced communication and teamwork skills among students.
5. Encouraged responsible and health-conscious behavior.

Report:-

The Women Empowerment Cell of YA Government Degree College for Women, Chirala organized a Rally & Awareness Program on the occasion of World AIDS Day on 1 December 2025. The program aimed to spread awareness about HIV/AIDS and educate the public on its prevention. As part of the program, students participated in a rally within the college campus and nearby areas, carrying placards and raising slogans to spread awareness about HIV/AIDS. The rally attracted public attention and helped in delivering important messages regarding prevention, early testing, and the need to eliminate stigma. An awareness session was also conducted where students were informed about the causes, symptoms, and preventive measures related to HIV/AIDS. The importance of compassion and support towards affected individuals was emphasized. The program concluded successfully with active participation from students and faculty. The Women Empowerment Cell expressed gratitude to everyone involved for making the event impactful and meaningful.

Activity Title: Stop Violence Against Women

Date: 09.12.2025

Venue: College Campus and Nearby Areas

Aims:-

- To create awareness about violence against women in society.
- To promote gender equality and respect for women.
- To educate students about legal rights and protection laws for women.
- To encourage a safe and supportive environment for women.

Objectives:-

- To sensitize students about different forms of violence (physical, emotional, economic, and psychological).
- To inform participants about helplines, legal support, and government initiatives.
- To motivate students to stand against injustice and support victims.
- To develop a sense of responsibility among youth towards women's safety.

Outcomes:-

- Students gained awareness about women's rights and safety measures.
- Increased understanding of the importance of gender equality.
- Participants showed positive attitudes toward preventing violence.
- Students expressed willingness to support victims and report incidents.

Report:-

The Women Empowerment Cell of Y.A. Government Degree College for Women, Chirala, organized an awareness programme on "Stop Violence Against Women" on 09 December 2025 at the college campus and nearby areas. The programme aimed to educate students and the public about the increasing incidents of violence against women and the importance of collective responsibility in preventing such acts. Faculty members delivered insightful speeches highlighting various forms of violence—physical, emotional, economic, and psychological—and their adverse impact on individuals and society. Students actively participated in the programme through discussions and awareness outreach activities in nearby areas. Information regarding legal provisions, women protection laws, helpline numbers, and safety measures was shared to enhance awareness among participants. The programme emphasized the importance of respect, equality, and empowerment of women. Students were encouraged to raise their voices against injustice and contribute to building a safe and inclusive society. Overall, the programme was successful in creating awareness and inspiring students to take a proactive role in preventing violence against women.

Activity Title: Savitribai Phule Jayanti
Date: 03.01.2026
Venue: Virtual Room

Aims:-

- To commemorate the birth anniversary of Savitribai Phule.
- To highlight her contributions to women's education and social reform.
- To inspire students, especially girls, towards education and empowerment.
- To promote awareness about gender equality and social justice.

Objectives:-

- To educate students about the life and achievements of Savitribai Phule.
- To emphasize the importance of education for women's empowerment.
- To encourage students to overcome social barriers through knowledge and confidence.
- To instill values of equality, dignity, and respect among students.

Outcomes:-

- Students gained knowledge about Savitribai Phule's role in women's education.
- Increased awareness about the importance of girls' education in society.
- Students felt motivated to pursue education and contribute to social change.
- The programme promoted values of equality and empowerment among participants.

Report:-

The Women Empowerment Cell of Y.A. Government Degree College for Women, Chirala, organized a programme on the occasion of **Savitribai Phule Jayanti** on 03 January 2026 at the college campus. The programme was conducted to commemorate the birth anniversary of Savitribai Phule, a pioneer of women's education and a great social reformer of India. Faculty members delivered speeches highlighting her remarkable contributions to society, particularly her efforts in promoting education for girls and marginalized communities. Students actively participated in the programme by delivering speeches and sharing their views on the importance of education and gender equality. The event also included discussions on the challenges faced by women in society and the need for empowerment through education. The programme served as an inspiration for students to follow the ideals of Savitribai Phule and contribute towards building an equal and educated society. Overall, the programme was successful in creating awareness and motivating students to value education and work towards women's empowerment.

Activity Title: Sankranthi Sambaralu
Date: 08.01.2026 - 09.01.2026
Venue: College Campus

Aims:-

- To celebrate the traditional festival of Makar Sankranti.
- To promote Indian culture and heritage among students.
- To encourage participation in cultural and traditional activities.
- To strengthen unity and cultural awareness among students.

Objectives:-

- To familiarize students with the cultural significance of Sankranthi.
- To encourage creativity through traditional activities like rangoli and cultural performances.
- To provide a platform for students to showcase their talents.
- To promote teamwork and participation in festive celebrations.

Outcomes:-

- Students gained awareness about the cultural importance of Sankranthi.
- Enhanced creativity through participation in rangoli, traditional dress, and cultural events.
- Increased student engagement and enthusiasm in extracurricular activities.
- Strengthened cultural values and unity among students.

Report:-

The Women Empowerment Cell of Y.A. Government Degree College for Women, Chirala, organized "Sankranthi Sambaralu" on 08th and 09th January 2026 in the college campus. The programme was conducted to celebrate the harvest festival of Makar Sankranti and to promote traditional values among students. The campus was decorated with colourful rangoli (muggulu), flowers, and festive arrangements, creating a vibrant cultural atmosphere. Various activities such as rangoli competitions, traditional dress competitions, and cultural performances were organized. Students actively participated with great enthusiasm, showcasing their creativity and talent. Traditional songs and dances added joy and energy to the celebrations. Faculty members encouraged students to understand the importance of preserving cultural heritage and traditions. The programme provided an opportunity for students to connect with their roots and celebrate the spirit of unity and joy. Overall, the event was a grand success, bringing together students and staff in a festive spirit and promoting cultural awareness.

Activity Title: Food Festival

Date: 09.01.2026

Venue: College Campus (SEMINAR HALL)

Aims:-

- To promote awareness about traditional and healthy food habits.
- To encourage students to explore culinary skills.
- To showcase regional diversity through food.
- To promote entrepreneurship skills among students.

Objectives:-

- To provide a platform for students to prepare and exhibit different cuisines.
- To create awareness about nutritious and balanced diets.
- To encourage teamwork and creativity among students.
- To develop marketing and presentation skills through food stalls.

Outcomes:-

- Students enhanced their culinary and presentation skills.
- Increased awareness about healthy and traditional foods.
- Developed entrepreneurial skills and teamwork among participants.
- Encouraged appreciation of cultural diversity through food.

Report:-

The Women Empowerment Cell of Y.A. Government Degree College for Women, Chirala, organized a **Food Festival** at the college campus. The programme aimed to promote awareness about traditional, nutritious, and diverse food habits while encouraging students to showcase their culinary talents. Students actively participated by setting up food stalls featuring a variety of homemade dishes representing different regions and cultures. The festival provided a platform for students to demonstrate their cooking, presentation, and marketing skills. Faculty members and students visited the stalls, appreciated the efforts, and interacted with participants regarding the ingredients and preparation methods. The event also emphasized the importance of healthy eating habits and the preservation of traditional recipes. The enthusiastic participation of students made the programme lively and successful. Overall, the Food Festival was a grand success, fostering creativity, teamwork, and entrepreneurial spirit among students.

ADMISSION CAMPAIGN
2025-26

Objectives:

- To inform students about available degree courses (B.A., B.Sc., B.Com., etc.)
- To explain the admission process and eligibility criteria
- To highlight scholarship facilities and government fee reimbursement schemes
- To create awareness about career opportunities after graduation

Description:

The Department of Computer Science actively participated in the campaign and played a significant role in motivating students to choose career-oriented courses in the field of technology.

As part of the campaign, the Principal and faculty members visited various Junior Colleges and Higher Secondary Colleges in and around Chirala.

Activities Conducted:

- Distribution of pamphlets (brochures) containing course details and admission information.
- Explanation of B.A., B.Com., B.Sc., especially B.Sc Computer Science course details.
- Interaction with students regarding career opportunities in IT, software, banking, and government sectors.
- Clarification of doubts about eligibility, scholarships, fee reimbursement, and hostel facilities.
- Encouragement to girl students for higher education and skill development.

Outcomes:

The visit to various colleges with pamphlet distribution was successfully conducted. The campaign helped in spreading awareness about higher education opportunities and motivated many students to take admission in our college.

- ❖ Students showed keen interest in degree courses.
- ❖ Positive response received from both students and lecturers of visited colleges.

"ONE DAY WORKSHOP ON ARTIFICIAL INTELIGENCE (AI)"

Date: 30-06-2025

Workshop agenda and Schedule:

Morning Session	Midday Session	Afternoon Session
<p>09:00 – 09:30 • Welcome & Introduction • Overview of workshop objectives, organizers, and participants.</p> <p>09:30 – 10:30 • Fundamentals of AI & Machine Learning • Definitions and key concepts • Overview of ML paradigms: supervised, unsupervised, reinforcement learning • Data preprocessing essentials: cleaning, feature scaling, handling categorical data futuretech.co.in</p> <p>10:30 – 10:45 • Tea/Coffee Break</p> <p>10:45 – 12:00 • Foundations of Remote Sensing & Geospatial Data • Introduction to multisensor & multitemporal data • Spectral similarity models • Basics of remote-sensing image understanding</p>	<p>12:00 – 13:00 • ML & Deep Learning Techniques • Introduction to ML algorithms and deep learning techniques • Basic neural network structures and architecture</p> <p>13:00 – 14:00 • Lunch Break</p>	<p>14:00 – 15:30 • Hands-On Project: Crop Aggregation • Participants work on a project using AI/ML for crop aggregation • Guided by experts to apply models to real-world data</p> <p>15:30 – 15:45 • Short Break</p> <p>15:45 – 16:30 • Real-World Applications & Ethical Considerations • Examples from agriculture, disaster management, healthcare, etc. • Discussion on ethical issues: fairness, transparency, bias</p> <p>16:30 – 17:00 • Q&A, Feedback & Certification • Certificate distribution (eligibility based on attendance)</p>

30/06/25

CHIRALA, Bapatla Dist., (A.P)

Photographs:

Outcomes:

Gain a clear understanding of core AI concepts—covering supervised, unsupervised, and reinforcement learning—and basic deep learning architectures such as CNNs and RNNs.

Resource Person Details

Jetty Narasimha – AI Gaming Designer

- Frequent faculty in AI/ML/Remote sensing programs.
- Appears as Coordinator and instructor in similar courses.

Number of students Participated: 75

Topics Covered:

1. AI, ML & Deep Learning Foundations

- Introduction to AI, Machine Learning, and Deep Learning concepts
- Key ML paradigms: supervised, unsupervised, and reinforcement learning

2. Remote Sensing & Geospatial Data Processing

- Multi-sensor and multi-temporal geospatial data handling
- Spectral similarity models for error reduction
- Basics of remote sensing image understanding

3. Deep Learning Techniques

- Overview of CNNs, RNNs, R-CNN, Faster R-CNN, SSD, and YOLO
- Real-world project on crop aggregation using AI/ML
- Use of Google Earth Engine for geospatial ML applications

5. Programming for AI/ML

- Python-based model development using libraries like TensorFlow, Keras, or PyTorch

6. Advanced Tools & Technologies (*occasionally included*)

- Spaceborne LiDAR system applications

REPORT ON STUDENT INDUCTION PROGRAMME

Dt:06.10.2025

DATE : 06.10.2025
TIME : 3:00 TO 5:00 PM
TITLE OF THE PROGRAMME : Awareness on Major Honours ,Academic Structure
VENUE : VIRTUAL ROOM
RESOURCE PERSON/S : Lectures of college teaching staff.
OBJECTIVE : To make students familiar with the Major Honours curriculum, and create awareness on outcomes of the Programme.

REPORT : The Induction Programme for Degree First-Year Students was conducted in the college for the academic year 2025–2026 to welcome and guide the newly admitted students. The Heads of various Departments introduced their faculty members and provided an overview of the courses, curriculum, and career opportunities available in their respective subjects. Resource persons delivered motivational speeches encouraging students to set goals and actively participate in both academic and extra curricular activities. Sessions on personality development, communication skills, and career guidance were also conducted to enhance student's confidence.

OUTCOME: Students gained awareness about college environment and facilities.

- Improved confidence among first-year students.
- Better understanding of academic structure and expectations.
- Encouraged active participation in college activities.

Celebrating Computer Literacy Day

Dt:2-12-2025

Objective:

The primary objective of the Computer Literacy Day celebration was to raise awareness about the significance of computer literacy and empower students with essential digital skills that are essential for success in academics, careers, and everyday life.

Description:

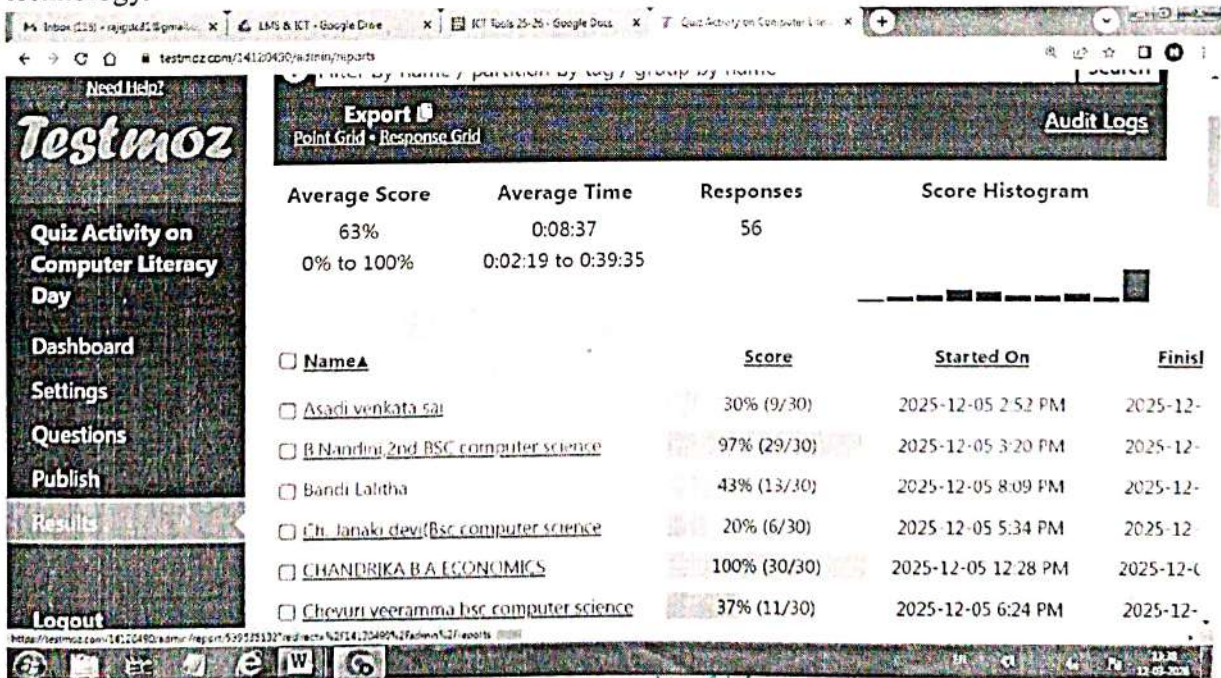

The Department of Computer Science at Y.A Government college for Women, Chirala proudly celebrated Computer Literacy Day, an occasion dedicated to promoting awareness and appreciation for the role of computers in modern society. This event served as an opportunity to highlight the importance of computer literacy and digital skills in today's interconnected world.

On this occasion, Department of Computer Science conducted Online Quiz to all students in the college to improve digital skills in students using Testmoz.

Testmoz : <https://testmoz.com/14120490/admin/reports> Using this app a quiz activity was conducted for all students on the occasion of Computer Literacy Day 2nd Dec 2025.

Outcomes:

- Students have participated actively in quiz and learned technical skills.\
- They felt happy and exited.
- Inspired and motivated students to pursue further studies and careers in computer science and technology.

GUEST LECTURE ON
“CAREER GUIDANCE ON SOFTWARE DEVELOPMENT”

Date: 12-12-2025

Aim & Objective

- To create awareness about career opportunities in Software Development.
- To guide students on required technical and soft skills.
- To explain emerging technologies and industry expectations.
- To motivate students towards placement preparation.

Description:

The Department of Computer Science organized a Guest Lecture on “Career Guidance on Software Development” to provide students with industry insights and career guidance in the IT sector. The session was delivered by Mr. N. Raj Kumar, Cluster Manager, HCL Technologies, Vijayawada

The resource person discussed programming languages such as Java, Python, C++, importance of Data Structures, Algorithms, internships, certifications, resume preparation, interview skills, and emerging technologies like AI, Cloud Computing, and Cyber Security.

Feedback was collected from students after the session. The majority of the students rated the session as Excellent and Very Good. Students appreciated the practical insights, career guidance, and interview tips provided by the resource person. The session was found to be highly informative and motivating.

Outcome:

The Guest Lecture on “Career Guidance on Software Development” was informative and inspiring. It successfully bridged the gap between academic learning and industry requirements.

- Students gained clarity about career paths in Software Development.
- They understood the importance of skill development and industry readiness.
- The session increased awareness about placement preparation.
- Students felt motivated to enhance their technical knowledge

NATIONAL SCIENCE DAY CELEBRATIONS 2026

DATE: 28.02.2026

OBJECTIVES:

- To create awareness about recent scientific and technological advancements.
- To promote scientific temper among students.
- To encourage innovation and research-oriented thinking.
- To provide a platform for students to present emerging technologies.

DESCRIPTION:

National Science Day is celebrated every year on 28th February in India to commemorate the discovery of the Raman Effect by **C. V. Raman**. The day aims to spread awareness about the importance of science in daily life.

The Department of Computer Science organized various academic and technical activities focusing on emerging technologies. The key themes covered were Artificial Intelligence (AI), Quantum Computing, Cyber Security, E-Waste Management, Smart City Technologies

Students actively participated in Paper Presentations, Poster Presentations, Model Demonstrations, Technical Discussions. Students from other departments visited the exhibition stalls and interacted with the participants. The event encouraged interdisciplinary learning and knowledge sharing.

The Principal, **Dr. N. Murali**, and the Vice Principal, **G. Ratna Papa**, visited the exhibition. They appreciated the innovative ideas presented by the students and encouraged them to focus on research, innovation, and responsible use of technology.

OUTCOME:

- Enhanced awareness about advanced technologies.
- Improved presentation and communication skills of students.
- Strengthened interdisciplinary collaboration.

Participation Details

- Total Student Participants: 24
- Faculty Members Involved: 20
- Students from Other Departments Visited: 75

Online QUIZ using Google Forms

Google Forms: Google Forms is a free tool to create quizzes, Creating a quiz using Google Forms is an efficient way to assess knowledge, gather feedback, or make learning interactive. With its user-friendly interface, Google Forms makes it easy for anyone to create engaging quizzes. A Quiz activity was conducted by using Google Forms for II BSc(Honours in Computer Science) and II BSc Minor in Computer Science students on Programming in Java and Data Structures in C , DBMS, OOSE.

Outcome: Students have participated actively in quiz and learned concepts. They felt happy and exited.

The screenshot shows a Google Forms interface for a quiz titled "Java 25-26". The "Responses" tab is active, displaying "29 responses". The interface includes a "Summary" view, a "Question" view, and an "Individual" view. The "Individual" view shows a response from "nagarajureddy799@gmail.com" at question 3 of 29. The score for this response is "8 of 9 points". The score was released on "Aug 26 2:25 PM". The interface also includes a "Link to Sheets" button and a "Release score" button. The footer of the page reads "Y.A. Govt College(W), Chirala" and "Department of Computer Science". The browser's taskbar at the bottom shows the date "12-03-2020" and the time "13:51".

STUDENT SEMINARS 2025-26

Objectives:

- ◆ To enhance communication and presentation skills.
- ◆ To promote self-learning and subject knowledge.
- ◆ To create awareness on emerging technologies.
- ◆ To build confidence among students.

Description of the Activity:

The Department of Computer Science organized Student Seminars during the academic year 2025-26 as part of academic activities. Students actively participated by presenting seminars on various topics related to modern and emerging technologies such as Artificial Intelligence, Cyber Security, Data Science, Cloud Computing, and Digital Marketing.

Students prepared presentations using PPTs and other visual aids. Faculty members guided and evaluated the students, providing constructive feedback. The sessions were interactive and encouraged discussions among students.

Outcomes:

- Improved presentation and communication skills.
- Enhanced technical knowledge.
- Increased confidence and stage presence.
- Better understanding of current technology trends.

**“E-Check - E-Waste Management Awareness Programme”
2025-26**

Objective of the Activity:

- To create awareness about e-waste and its environmental impact.
- To educate students on proper disposal and recycling methods of electronic waste.
- To promote responsible usage of electronic devices.
- To encourage sustainable practices among students.

Description of the Activity:

The Department of Computer Science organized an E-Waste Management Awareness Programme titled “E-Check” during the academic year 2025–26. The programme aimed to educate students about the growing concerns of electronic waste and its harmful effects on the environment.

During the session, students were informed about types of e-waste, safe disposal techniques, recycling processes, and the importance of reducing electronic waste. Faculty members delivered informative sessions and engaged students through discussions and awareness activities.

The programme highlighted the role of individuals in protecting the environment by adopting eco-friendly practices and minimizing e-waste generation.

Topics Covered:

- Introduction to E-Waste
- Environmental Impact of E-Waste
- Safe Disposal Methods
- Recycling and Reuse of Electronic Devices
- Sustainable Practices

Outcome of the Activity:

- Increased awareness about e-waste management.
- Understanding of responsible disposal methods.
- Development of environmentally conscious behavior among students.
- Encouragement of sustainable lifestyle practices.

**INDUSTRIAL VISIT BY
APSWR SCHOOL & JUNIOR COLLEGE STUDENTS**

Date: 31.10.2025

OBJECTIVES:

The objective of this visit was to provide students with practical exposure to the field of computer science and to motivate students to explore career opportunities in computer science and technology by showcasing the scope and importance of the field.

DESCRIPTION:

The industrial visit to the Computer Science Department of Y.A. Government College for Women, Chirala, was attended by the students of APSWR School & Junior College, Parchur, along with their faculty members P. Sowjanya (IT-ITes) and A. Supriya (B&W).

During the visit, Head of the Computer Science Department, Smt. N. Rajyalakshmi, conducted an engaging session where she explained essential computer science topics. These included the **History of Computers**, the **Basics of Computers**, and the **Generations of Computers**, **Programming languages** and **Basics of HTML** giving students a comprehensive overview of the field.

The visit was supported by faculty members from the Computer Science Department, including **T. Bala Tripura Sundari**, **SK. Karaem**, and **P. Mabujohny**, who assisted in the presentation and guided the students during the visit. Their collective expertise helped to make the session more interactive and enriching for the students.

OUTCOME:

The industrial visit was a success in achieving its objectives, helping the students gain a clear understanding of computer science concepts, fostering their interest in IT careers, and providing them with a valuable opportunity to interact with industry experts and faculty.

Inauguration of Certificate Course

“Driving the Future: Advanced Technologies in AI, 5G Networks, Cyber Defence & Digital Marketing”

Dt:11-11-2025

Objectives:

- To provide practical exposure to emerging technologies.
- To enhance student’s knowledge in Artificial Intelligence, Cyber Security, Digital Marketing, and Quantum Computing.
- To prepare students for future technological careers.
- To develop industry-oriented skills through On-the-Job Training.

Description:

The Department of Computer Science organized an On-the-Job Training (OJT) certificate programme during the months of November and December on the theme “Driving the Future: Advanced Technologies in AI, 5G Networks, Cyber Defence & Digital Marketing.” The programme was successfully inaugurated and conducted for the students of CSE and OA groups.

A total of 121 students from Junior Intermediate and Senior Intermediate actively participated in the training programme. The sessions were handled by faculty members from the Department of Computer Science who provided valuable insights into advanced technological domains.

The training covered important topics such as AI fundamentals, cyber security practices, digital marketing strategies, and quantum computing concepts. The programme helped students gain awareness about current technological trends and future career opportunities.

The faculty members from the Department of Computer Science shared the assigned topics and delivered informative sessions, helping students gain a better understanding of the concepts.

Smt. N. Rajyalakshmi – Quantum Computing
Smt. T. Bala Tripura Sundari – Cyber Security
Sri S. K. Kareem – Digital Marketing
Sri P. Mabu Johny – AI Fundamentals

After the successful completion of the assessment, an **Certificate Distribution Programme** was organized to acknowledge the efforts of the participants. Certificates were distributed to the students who successfully completed the On-the-Job Training (OJT) programme.

STUDENT ACHIVEMENTS - 2025-26 "AI Essay Writing and Elocution Competitions"

Date: 12-02-2026

The K.V.R., K.V.R. & M.K.R. College, Kajipalem, organized AI Essay Writing and Elocution Competitions on 12 February 2026 to encourage students to express their ideas and knowledge about Artificial Intelligence.

Students from various departments actively participated in the competitions. From the Department of Computer Science, P. Pavana Sriya, 1st B.Sc. Honours Computer Science student, participated in the AI Essay Writing Competition.

She performed excellently and secured the Second Prize in the competition. Her achievement brought recognition to the Department of Computer Science and motivated other students to participate in academic and creative activities related to emerging technologies like Artificial Intelligence.

The Head of the Department and faculty members congratulated P. Pavana Sriya for her accomplishment and encouraged students to take part in such competitions in the future.

P. Pavana Sriya, I B.Sc. student, receiving the Second Prize and certificate in the AI Essay Writing Competition organized by K.V.R., K.V.R. & M.K.R. College.

**Student Achievement – First Prize in Essay Writing
 on “International Women’s Day“**

Date: 08-03-2025

On the occasion of International Women’s Day, an Essay Writing Competition was conducted on the topic “Mahilala Gouravam – Samaja Gouravam, Mahilala Pai Himsaku No Cheppandi.”

We are proud to share that Kum. P. Pavana Sriya, a student of I B.Sc (Honours) Computer Science, secured First Prize in the competition. In recognition of her outstanding performance, she was honored with a memento by the District Collector.

Her achievement reflects her excellent writing skills, awareness on social issues, and commitment towards promoting respect and safety for women. It is a matter of great pride for the Department of Computer Science and the institution.

The management, principal, and faculty members congratulated her on this remarkable achievement and wished her continued success in all her future endeavors.

Andhra Pradesh State Skill Development Competition -2025
“Automobile Technology “

Date: 19-12-2025

The Department of Computer Science is proud to announce that two students of our college, **R. Venkata Lakshmi Tejaswini, I BSc** and **A. Ratna Priya I BSc**, have been selected to participate in the **Andhra Pradesh State Skill Development Competition 2025** in the **Automobile Technology** category.

The competition was organized by the **Andhra Pradesh State Skill Development Corporation (APSSDC)** and was held at **Swarna Bharath Trust**, located in **Vijayawada**, on **19 December 2025**.

The participation of these students in the state-level competition reflects their dedication, technical skills, and enthusiasm for learning new technologies. Their achievement has brought recognition to the institution and inspired other students to actively participate in skill development programs.

The Principal and faculty members of the Department of Computer Science appreciated the students for their effort and encouraged them to continue striving for excellence in future competitions.

Lakshmi Tejaswini, I BSc and **A. Ratna Priya I BSc** receiving Certificates and Prize from **Swarna Bharath Trust**, located in **Vijayawada**, on **19 December 2025**.

Swachha Andhra Swarna Andhra

Objective:

The main objective of Swachha Andhra Swarna Andhra program is to promote cleanliness, sanitation, and waste management and to make the Andhra Pradesh the most prosperous and cleanest state in India.

Description:

Swachh Andhra Pradesh is a state-level initiative in Andhra Pradesh, India, aimed at promoting cleanliness, sanitation, and waste management. A Transformative initiative towards making Andhra Pradesh the most prosperous and cleanest state in India. This program is organized in every month of third Saturday

The Department of Computer Science is also participated in this program organized by the college in the campus and we recognize the importance of environmental conservation and sustainability in today's world. In line with our commitment to responsible citizenship and community engagement, we conducted a Clean and Green activity to contribute to a cleaner and healthier environment.

Students and faculty members participated in a campus clean up drive aimed at removing litter and plastic waste from designated areas within the campus premises. Teams were formed, and each team was assigned specific areas (Cycle Stand area, College front side area, back side area) to clean up.

Outcome:

After participating in this program, awareness and consciousness among students and faculty regarding environmental issues & removal of a considerable amount of litter and plastic waste from the campus premises, resulting in a cleaner and more pleasant environment.

“VOTERS DAY RALLY”

Date : 25-01-2026

Objectives:

1. To create awareness among students and the public about the importance of voting in a democratic country.
2. To encourage eligible citizens, especially youth, to register as voters.
3. To strengthen democratic values and civic responsibility among students.

Description:

The Department of Computer Science actively participated in the National Voters' Day Rally organized to create awareness about the importance of voting and strengthening democratic values among citizens. The rally was conducted on **25 January**, marking the celebration of National Voters' Day across the country.

Faculty members and students from the Department of Computer Science joined the rally with great enthusiasm. The rally began at the college campus and proceeded through the nearby streets, spreading the message of the significance of voting in a democratic nation. Participants carried placards and banners displaying slogans such as *“Every Vote Counts,” “Be a Responsible Voter,”* and *“Your Vote is Your Voice.”*

During the rally, students raised awareness among the public about the importance of voter registration and the need for young citizens to participate in elections. The participants also encouraged first-time voters to exercise their right to vote responsibly.

Outcomes:

1. Students gained awareness about the significance of voting and electoral participation.
2. The rally helped spread awareness in the local community about voter registration and voting rights.
3. Students developed a sense of civic responsibility and democratic values.

Evidence:

Department of Computer Science actively participated in the National Voters Day Rally, promoting the importance of voting

Earn While Learn

Objective:

- To create awareness on Design Tools
- To improve the skills of students

Date: 2-12-25

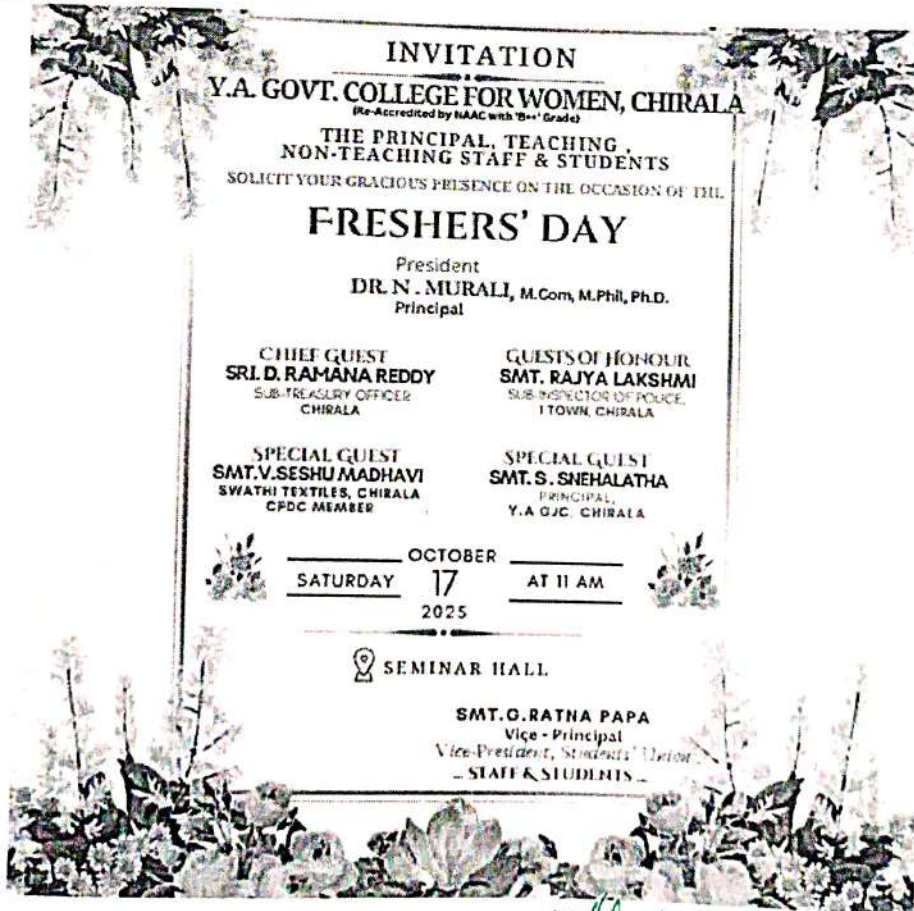

Description:

Department is conducted an "Earn While Learn- Design Tools " Program for the benefit of students.. In this programme, merit students of B.Sc (Computer Science) are identified. They are fine tuned and trained by Department of Computer Science to learn how to design the Certificates, Invitation Cards, Brochures.

Outcome:

Students learned how to design certificates, IDs and Brochures . Skills of the students are improved.

Name of the Activity: Study material distribution

Class- 1st Degree

Date – 25/10/2025

Venue- Virtual classroom

No of students participated- 130

Aim/Objectives:

To help the students improve their academic performance.

Report:

Study materials were distributed to the students through a virtual classroom. These materials were designed to support their learning and enhance their understanding of key subjects. Through these exercises, students will be able to improve their performance and secure better marks in both internal and external examinations.

NAME OF THE ACTIVITY: - JUST A MINUTE

DATE November 19, 2025

NO OF STUDENTS PARTICIPATED: -60

PLACE: - 1 B.Sc. classroom

AIM/Objectives

1. To enhance students' communication skills, vocabulary, and spontaneous speaking ability.
2. To encourage one-to-one interaction and help students express their thoughts confidently.
3. To evaluate students' articulation, clarity of thought, and overall personality development through active participation.

Report

A Just a Minute (JAM) session was organised in the 1 B.Sc. classroom, with 60 students participating—the activity aimed at improving students' communication skills and confidence through spontaneous speaking.

Students were given a variety of topics and were encouraged to speak for one minute without hesitation, repetition, or deviation. The activity provided an engaging platform for students to express their ideas freely and develop quick-thinking abilities.

The session also helped teachers assess each student's communication proficiency, listening skills, and stage presence. The interactive nature of the activity fostered a healthy learning environment, boosting students' confidence and promoting overall personality development.

The event was successful, enriching the students' speaking skills and motivating them to participate actively in future academic and co-curricular activities.

Name of the Activity: Classroom Seminar

Date: 27/01/2026

Class: I B.Sc.

Number of Students Participated: 62

Aim / Objectives:

The Classroom Seminar was organised to provide students with an opportunity to enhance their communication skills, strengthen subject knowledge, and build confidence. The programme aimed to promote active participation, critical thinking, effective presentation skills, and meaningful peer interaction.

Report:

Classroom seminars were conducted for I B.Sc. students on 27/01/2025 as part of academic enrichment activities. A total of 62 students actively participated in the programme. Students presented various topics related to their syllabus and contemporary academic developments.

The seminars created an interactive learning environment through discussions and question-and-answer sessions. Students demonstrated enthusiasm and preparedness while presenting their topics. The activity encouraged collaborative learning and helped students overcome stage fright.

Overall, the classroom seminars proved to be highly beneficial in enhancing students' analytical abilities, public speaking skills, and subject comprehension. The programme successfully promoted a learner-centred and participative academic atmosphere within the classroom.

Name of the Activity: CLEAN AND GREEN PROGRAMME

DATE: 21/02/2026

Venue: In the college campus

Number of students participated: 32, 1st B. Sc

AIM / Objectives:

A clean and green environment is essential for leading a peaceful and healthy life. The objective of this programme is to raise students' awareness of the importance of environmental protection and to encourage them to adopt eco-friendly habits in their daily lives.

Report:

Through these activities, students understood that a clean and green environment implies the absence of pollution and ensures a better quality of life. They learned that maintaining cleanliness, planting trees, reducing plastic usage, and conserving natural resources are fundamental responsibilities of every citizen. The programme helped students realise that environmental protection is not only necessary but also a basic need in today's world. It encouraged them to actively participate in keeping their surroundings clean and green.

Name of the Activity: CLEAN AND GREEN PROGRAMME

Activity : **Peer learning**
Venue : **I B. Sc**
Date : **13.03.2026**
No. of Students Participated : **60**

Introduction:

Peer learning is an educational approach in which students learn from and with each other. It encourages collaboration, discussion, and mutual support among students. Through peer learning, students share knowledge, clarify doubts, and strengthen their understanding of various subjects.

Objectives of Peer Learning:

1. To promote collaborative learning among students.
2. To improve understanding of difficult concepts through discussion.
3. To develop communication and leadership skills.
4. To encourage active participation in the learning process.
5. To build confidence among students.

Conclusion:

Peer learning proved to be an effective method for enhancing students' academic performance and engagement. It created a positive and interactive learning atmosphere where students helped each other in understanding concepts. Such initiatives should be encouraged regularly to strengthen the learning process.

Activity**: Group Discussion****Venue****: I B. Sc****Date****: 18.03.2026****No. of Students Participated****: 60****Introduction:**

A group discussion was conducted to enhance students' communication skills, critical thinking, and teamwork.

Objective:

The main objectives of the group discussion were:

To improve speaking and listening skills

To develop analytical thinking

To promote teamwork and cooperation

To build confidence in expressing opinions

Participants:

The discussion included [number] students from [I B. Sc class) divided into three groups; a Moderator was assigned to guide the discussion and ensure equal participation.

Topic of Discussion:

The topic given for discussion was: "[I unit from Skill Bridge-II]". It was relevant and thought-provoking, allowing students to present diverse viewpoints.

Conclusion:

The group discussion concluded with a summary of key points. It was an enriching experience for all participants, helping them improve their communication and interpersonal Skills.

Questions: -

1. Saying "please" shows _____.
Politeness
2. Another word for "please" in requests is _____.
Kindly
3. "Please" is used while making a _____.
Request
4. Who is the main character in *Half a Rupee Worth*?
Subbaiah
5. How much money does he have?
Half a rupee
6. Care → (Adjective) _____
7. Success → (Adjective) _____
8. Danger → (Adjective) _____
9. Happy → (Noun) _____
10. Strong → (Noun) _____

Outcome:

- Improved confidence among students
- Better understanding of the topic
- Enhanced teamwork and cooperation
- Development of critical thinking skills

Activity : Group Discussions
Venue : Virtual Room
Date : 23.03.2026
No. of Students Participated : 14

A 'Group Discussions' programme was organized for all First Year Hindi Students in their II Semester to dip the knowledge and concentration of the students on the Basic Fundamentals of Grammar.

Objectives:

to test the level of comprehension regarding the fundamentals of Grammar.

to evaluate students' progression and knowledge gaps.

Impact of the Activity:

It helps the students with revision.

As a fun tool, it engages the students in their learning.

NASHA MukT BHARAT Rally

26/06/2025

Aim and Objectives of the Programme : TO build a drug- free and healthier society in India by focusing on awareness, rehabilitation, community participation, and youth engagement. Aims to eliminate the growing threat of substance abuse across the country.

Brief Description of the Programme : The dept of Mathematics in Collaboration with NSS unit of our college, Organized a Rally in Chirala town to create awareness in the public about the importance of eliminating the growing threat of substance abuse across the country.

In this connection a rally was organized with students of our college. A rally organized in Chirala and NASHA MukT BHARAT Pledge taken at Dr. Baba Saheb Ambedkar statue near Railway station. Principal, Staff, all the Students and NCC Cadets participated in this Rally.

No. of students participated : 100

Programme outcomes: Students created awareness among the public about the importance of Drug free society with slogans.

Group Discussions

18-08-2025

Discussion Topic : Lagranges Theorem

Class : II B.Sc (Maths Minor)

To discuss whether the the converse of Lagranges theorem is true or not

Out put is given with Examples and Explained the procedure by M/ S N. Ragamma

That Converse of Lagranges theorem need not be true.

No of studentends attended: 09

M/S N. Ragamma explaining the Out- Put of the Disc

Student Seminars

27-10-2025

Aim and Objectives of the Programme: The purpose of Student seminars is to make the students Enhance their Self learning ability , to develop their Speaking Skills, to learn the Concepts in depth, to learn the art of public speaking that gives the students self boost and confidence to speak in front of large number of audience. It also helps the students to develop their self Expression and Confidence.

Report: Faculty of Department of Mathematics arranged Student seminars for II BSC students in **“ABSTRACT ALGEBRA ”**

Guest Lecture

13-11-2025

Guest Lecture ON “APPLICATIONS OF MATHEMATIC IN REAL LIFE”

organized with Dr. Ch. Manikya Rao, incharge, Dept.of Mthematics, Govt. Degree College, Ulavapadu, Praksasam (D.T) as resource persion on 13/11/2025 from 12:30 to 1:30 pm. First year Mathematics students of COMPUTERS MAJOR (nearly 30 students) attended for this lecture. Dr. Ch. Manikya Rao Enlighten the students with his lecture by explaining the Decimal,Binary, Octa and Hexa decimal Number System , conversions and their applicayions in computers and Digital Electronics with example.After completion of the lecture falicitated by Dr.N.Murali, Principal of our college.

Programme outcomes : After completion of this lecture students learned to know about mathematics in Real Life.

Swachha Andhra Swarna Andhra

Date: 20/12/2025

Objective:

The main objective of Swachha Andhra Swarna Andhra program is to promote cleanliness, sanitation, and waste management and to make the Andhra Pradesh the most prosperous and cleanest state in India.

Description:

Swachh Andhra Pradesh is a state-level initiative in Andhra Pradesh, India, aimed at promoting cleanliness, sanitation, and waste management. A Transformative initiative towards making Andhra Pradesh the most prosperous and cleanest state in India. This program is organized in every month of third saturday.

The Department of Mathematics also participated in this program organized by the college in the campus and we recognize the importance of environmental conservation and sustainability in today's world. In line with our commitment to responsible citizenship and community engagement, we conducted a Clean and Green activity to contribute to a cleaner and healthier environment.

Outcome:

After participating in this program, awareness and consciousness among students and faculty regarding environmental issues & removal of a considerable amount of litter and plastic waste from the campus premises, resulting in a cleaner and more pleasant environment.

National Mathematics day celebrations

22-12-2025

Aim and Objectives of the Programme: To Create Awareness to the Students about the great Indian Mathematician Sri. Srinivasa Ramanujan to be remembered for his unique mathematical brilliance which he had largely Developed by himself and for his self taught. To encourage the students by conducting various competitions like Quiz, Essay & Elocution competitions and to distribute prizes for the winners of the competition.

Brief Description of the Programme: On 22 December on the Occasion of the Day all the students gathered at Zoo-Dept. for National Mathematics Day Celebrations. Dr. N.Murali, Principal, invited as the Chief guest and guest of this programme. He addressed the students with a brief message on the importance of the Celebrations. Later Smt.N.Jayasree, incharge of the department of Mathematics explained about the greatness of the mathematical genius Ramanujan sir. Prizes and certificates were distributed to the winners of Essay Writing and Elocution Competitions.

.No.of students participated :30

Programme outcomes: Students got awareness about the National Mathematics Day.They came to know the greatness of the Indian mathematician Sri. Srinivasa Ramanujan.

Activity: RANGOLI COMPETITION (JUDGE) 07/01/2026

Objectives of the Programme : To Create Awareness to students about ‘SECULARISM’

Report : On the occasion of ‘PONGAL FESTIVAL”, Rangoli Competition was organized by WOMEN EMPOWERMENT CELL and as per the Instructions received from the Principal Dr.n.Murali Dr..A.Ankamma lecturer in Zoology, smt.N.Jayasree,lecturer in Mathgematics , Smt Ch.Bala Bharathi,lcet in Chemistry, & Smt.I.suguna Kumari lecturer in history ,acted as judges for this event.

Outcome :Students presented different Rangolis connecting SANKRANTHI Captions in an excellent way.

No of students participated : 30

NAME OF THE ACTIVITY : SWACHH BHARAT

Swachh Bharat Abhiyan, also known as Swachh Bharat Mission, is a nationwide campaign launched by the Government of India in 2014 with the aim of promoting cleanliness, hygiene and sanitation across the country. The primary objectives of the Swachh Bharat Abhiyan include eliminating open defecation, construction of toilets, solid waste management and bringing about behavioral change regarding sanitation practices among citizens. This campaign not only focuses on urban areas but also aims to improve sanitation facilities in rural areas. It has received significant attention and participation from various sectors of the society including government agencies, NGOs, private organizations and individual citizens.

NAME OF THE ACTIVITY : PLANTATION PROGRAMME

Plantation programme is to save protect the environment by plantation work”

- To increase the level of the student thinking regarding the plantation work.
- To ensure the sincerity of the students regarding the values of trees plants.

STUDENT SEMINAR

ACTIVITY: STUDENT SEMINAR

PLACE: CLASS ROOM

AIM: To identify concepts that will promote student academic success in order to reduce stage fear.

LEARNING OBJECTIVES:

- To expand students understanding of the concept.
- To identify practical learning skills and concepts that will promote student academic success.

REPORT OF THE ACTIVITY:

In the part of curriculum, as a teacher I conducted class room seminars. In this students have taken nice participation and they presented well. With the help of this type of class room seminars, they can reduce stage fear and also they can exchange their knowledge in subject and their views in order to develop themselves.

LEARNING OUTCOMES:

- Students improve their presentation skills to show competence identifying relevant information, defining and explaining topic under discussion.
- Students can improve their discussion skills to judge when to speak and how much to say, speak clearly and audibly.
- Students can improve their listening skills, argumentative skills.
- They will also demonstrate problem solving and apply theoretical knowledge.

Swachha Andhra Swarna Andhra

Date: 20/12/2025

Objective: The main objective of Swachha Andhra Swarna Andhra program is to promote cleanliness, sanitation, and waste management and to make the Andhra Pradesh the most prosperous and cleanest state in India.

Description:

Swachh Andhra Pradesh is a state-level initiative in Andhra Pradesh, India, aimed at promoting cleanliness, sanitation, and waste management. A Transformative initiative towards making Andhra Pradesh the most prosperous and cleanest state in India. This program is organized in every month of third Saturday.

The Department of Mathematics also participated in this program organized by the college in the campus and we recognizes the importance of environmental conservation and sustainability in today's world. In line with our commitment to responsible citizenship and community engagement, we conducted a Clean and Green activity to contribute to a cleaner and healthier environment.

Outcome:

After participating this program increased awareness and consciousness among students and faculty regarding environmental issues & removal of a considerable amount of litter and plastic waste from the campus premises, resulting in a cleaner and more pleasant environment.

STUDENTS QUALITY CIRCL

ACTIVITY: Students Quality Circle

PLACE: CLASS ROOM

PRACTICE: Students of the class are made into three groups are made in such a way that each quality circle should include at least $\frac{1}{2}$ advanced learner students this practice is implement now and then in the class in the presence of the lecturer is on leave.

Under this practice the advanced learner student of that student quality circle will share or explain about any topic as per requirement I wish of the members that already thought in the regular class.

OBJECTIVES:

- To improve the knowledge
- To inculcate the habit of sharing subject knowledge
- To improve students communication skills
- To overcome the stage fear

NEEDS IDENTIFIED:

- Create better rapport among students
- Overcome of stage fear
- To establish the competitive spirit among the students

EVIDENCE OF SUCCESS: students are sharing their views and thoughts prescribed topics freely and discussing among themselves.

Extra-curricular activities

2025-26

1. The Department of Zoology is pleased to announce that II B.Sc. students B. Kasthuri and S. Keerthana were selected at the college level from among all groups for the Entrepreneurship Training Programme. The selected students participated in and completed the state-level boot camp training held at CCE, Mangalagiri, from February 23, 2026, to February 27, 2026.

2. Science exhibition:

The Department of Zoology organised a Science Exhibition and celebration of National Science Day on 28 February 2026 to promote scientific awareness among students.

On this occasion, Dr N. Ankamma and Sri E. Ramaraju explained the importance of National Science Day. They discussed recent developments in science, including modern techniques and vaccines related to HPA and **Spinal Muscular Atrophy (SMA)**.

Students actively participated in the exhibition by presenting various models and posters related to plant-like animals, invertebrates, vertebrates, oviparous and viviparous snakes, as well as conducting practical demonstrations on safe drinking water parameters.

A student, V. Sri Latha of I B.Sc. Zoology presented a PowerPoint on recent diseases, focusing on SMA and a real-life case of a one-year-old girl from Kurnool district.

All the students observed the exhibits with interest and actively participated in the programme, gaining awareness about scientific developments and health issues.

3. Workshop on the making of an aquarium:

Name of the Activity : Students used plastic and glass bottles for the aquarium preparation.

Objective : To make the students understand and gain practical knowledge of making glass and plastic bottle aquariums, and to protect the environment from plastic waste.

Date : 08.01.2026

Period/Time : 10 AM to 4.00 PM

Participants : Students of the certificate course

No. of students & staff attended: 2 lecturers and 28 students.

Brief Description:

The aquarium models workshop was conducted in two sessions on 08.01.2026 under the guidance of Sri E. Ramaraju, Lecturer in Zoology. In the morning session, students learned how to create aquarium models using unused plastic water and soft drink bottles, as well as how to construct a large glass pan aquarium. They were guided step by step in designing and building small aquatic habitats.

In the afternoon session, students worked on preparing different types of aquariums using unused glass bottles and a large glass pan aquarium made with 8 mm thick glass, measuring 4 feet in length, 1.2 feet in width, and 1.5 feet in depth. Students were encouraged to use their creativity to decorate the aquariums with various materials.

Throughout the workshop, students actively participated with great interest and enthusiasm. They collaborated, shared ideas, and helped each other during the model preparation. Colourful fish were added to the bottle aquariums, making them more attractive and creating a natural aquatic environment.

4. Three-Day Capacity Building Aquaculture Training Programme for SC/ST Students (SCSP & TSP)

The Department of Zoology organized a three-day Aquaculture Training Programme from December 4 to 6, 2025, in collaboration with NSDC and sponsored by ASCI and NFDB. The programme was aimed at students from fisher communities under SCSP and TSP.

A total of 50 students registered, and 47 attended. The programme was inaugurated by the Principal, Dr. N. Murali, and organized by Sri R. Raju with trainers Ms. Nancy and Sri Chinna. The training included sessions on fish breeding, hatchery management, breeding techniques, types of hatcheries, and culture practices of major carps. On the final day, students underwent online assessments and viva-voce.

Overall, the programme was completed and helped enhance students' knowledge and practical skills in aquaculture.

5. SASA- Awareness of handwashing and menstrual hygiene- Extension activity:

As part of the monthly SASA activities, the Eco Club, NCC, and NSS units organized a programme on the theme "Personal and Community Hygiene." An awareness session on safe drinking water was conducted for students of Government Junior College for Girls, Chirala.

Sri E. Ramaraju, Lecturer in Zoology, demonstrated the analysis of different water samples by comparing TDS, pH, mineral content, and alkalinity. He explained their importance and the health effects of imbalance.

The programme saw active participation from students and staff, and it successfully created awareness about the importance of safe drinking water in daily life.

6. SASA Awareness Programme on Zero-Litter Governance:

As part of the monthly SASA programme, based on the theme “Zero-Litter Governance” announced by the Government of Andhra Pradesh, the college organized an awareness programme to promote cleanliness and environmental responsibility.

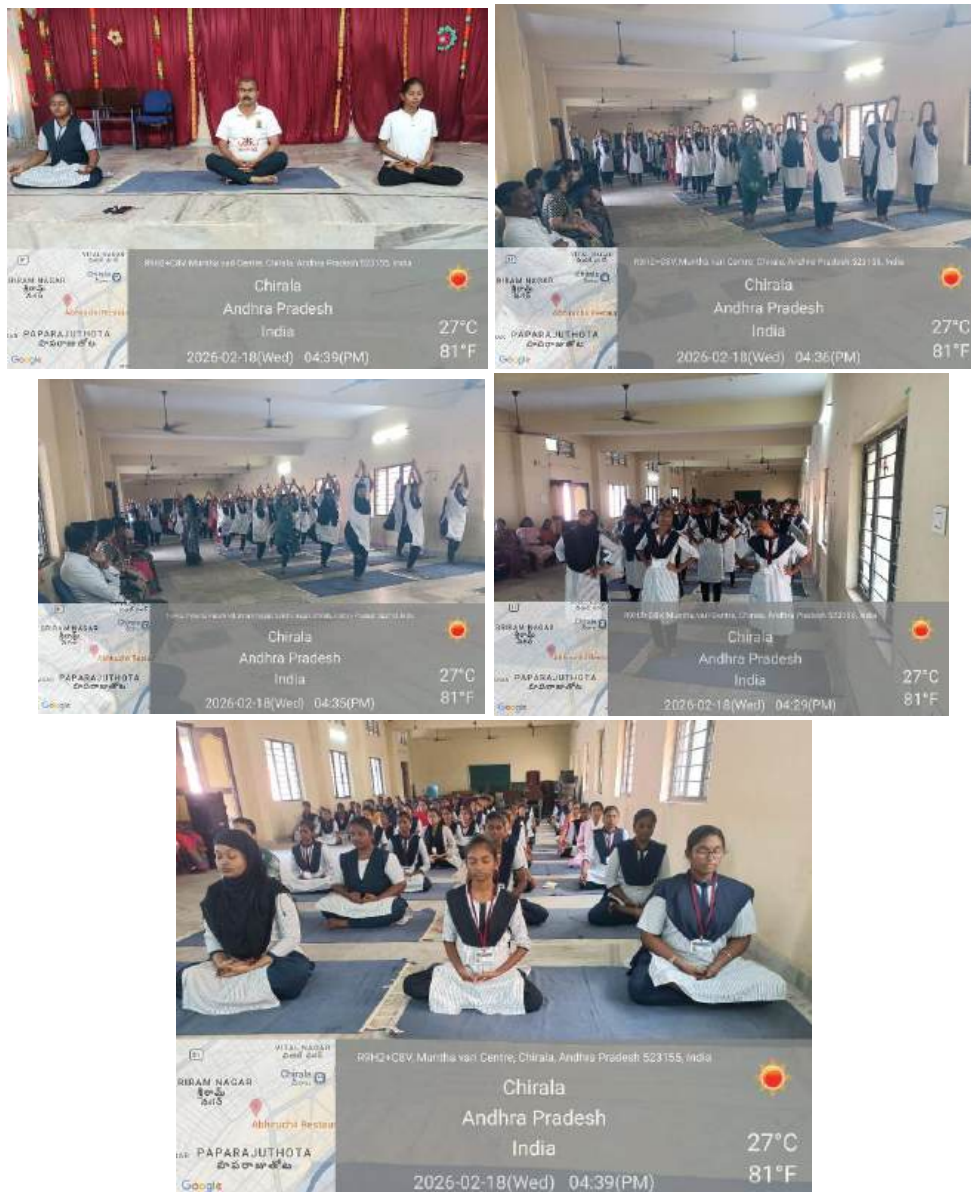

The Eco-Club, NCC, and NSS units conducted a pledge at the college prayer ground, followed by a rally to the Boys Municipal High School to spread awareness on maintaining a litter-free environment. Students from various institutions participated and collectively took the pledge. A meeting was later held, where dignitaries, including Ms Bhawna, IAS, and other officials, addressed the gathering and emphasized the importance of waste management, public participation, and maintaining a clean environment.

7. V. Srilatha I.B.Sc. Zoology Major for winning second place in the essay writing competition on the occasion of International Women's Day 2026.

The students and staff of the Department of Zoology participated in special yoga classes conducted from 18.02.2026 to 28.02.2026, as per the instructions of the CCE.

8. The students of the Department of Zoology participated in the food festival on the occasion of Sankranthi Sambaralu in January 08, 2026. They also wore traditional attire, adding to the cultural spirit of the celebration and participated in the rangoli competition.

Name of the Activity	Guest lecture on career opportunities for the zoology students in Darsi GDC
Date and time	16.10.2025
Aim & Objectives	To create awareness on fish diseases, causes and precautionary measures
Brief report	A guest lecture was delivered by Dr. N. Ankamma to I, II, and III-year Zoology students on career opportunities in the field. The session highlighted various sectors such as medical coding, aquaculture, research laboratories, and higher education.
Programme outcomes	<ul style="list-style-type: none"> • Students gained awareness about diverse career opportunities available in Zoology. • Students understood the scope of fields such as medical coding, aquaculture, research, and higher education. • Students were motivated to plan their future career paths based on their interests and skills.
Number of students attended	30

IMAGES

Awareness of UG courses and Career guidance:

The Department of Zoology organized an interaction programme with the students of Government Junior College (Girls) on **16.02.2026** to provide academic and career guidance. The programme aimed to create awareness among Intermediate students about higher education opportunities after completing their studies.

On this occasion, the faculty members Dr N. Ankamma and Sri E. Ramaraju explained the various courses that students can pursue after Intermediate, especially for Bi.P.C and MPHW students. They discussed important entrance examinations such as NEET and EAMCET, and explained opportunities in courses like B.Sc. Agriculture, B.Sc. Nursing, and UG B.Sc. Zoology Major. They also highlighted different career paths and higher education prospects available in these fields.

The session was very informative and interactive. The students actively participated, listened with interest, and clarified their doubts regarding higher education and career opportunities.

Name of the Activity	Guest lecture on fish diseases in Skill college Bapatla-APSSDC
Date and time	25.11.2025
Aim & Objectives	To create awareness on fish diseases, causes and precautionary measures
Brief report	Guest lecture was given by Dr N. Ankamma to aquaculture students on Pathology and parasitology of fish diseases. Major bacterial, fungal, and viral diseases, as well as their causative agents, symptoms, and preventive measures, were explained.
Programme outcomes	1. Students understand the major causes of the aquatic environment and disease outbreaks 2. Students can identify the fish disease through external symptoms
Number of students attended	30
