TAEKWONDO ACTIVITIES

Self Defence Techniques:

Y.A. Govt. Degree College for Women has been established with the main aim of empowering women through educating them. The Women Empowerment cell of this college has taken it to a different level by conceiving a programme to teach self defence techniques to the students. The importance of self defence for women can not be overstated. Every day we learn about the incidents of attacks on women through the print and electronic media. The attacks are of many forms like eve teasing, stalking, molestation, rape and sexual harassment and gender based discrimination. So, there is an urgent need to train the young women to defend themselves from the perpetrators of the crimes against women. The WEC of this college has decided to give basic training in taekwondo to enhance the self confidence the students to face the world boldly.

The students showed lot of interest and enthusiasm when they came to know about the training. Most of them came forward to join the training programme.

The motto of the programme is that every student of should have the opportunity to participate in the programme. The programme runs through the whole of the academic year. The training is between 4 P.M. and 5 P.M. on all working days. The result of the training has been spectacular as illustrated by the following photographs.
